

I'm not a robot

If you or someone you know has experienced a stroke, you won't want to miss this! In today's short video, we dive into why Wrist drop, or radial nerve palsy, is a condition that affects the ability to extend or lift the wrist and fingers due to damage or injury. I hope you enjoyed the video about getting your clients to come back long term! If you want to learn more about how to increase your business, check out Time to Renew - Licensed Massage Therapists Required CEUs - Tap in the link below. How to become a better massage therapist
