

I'm not a robot

Parents have told children for years that they'll lose their eyesight and become couch potatoes if they keep playing YouTube. In today's video, we delve into the fascinating effects of years or even decades of. Are people who are more creative really "left-brained"? Is a human brain not fully developed until a person hits 25 years old? Thomas Moak wants to change the way video games are perceived. In his talk, he breaks down the many. As many parents know, turning off a child's
